Be sure and ask for "Mrs. Winslow's Soothing Syrup" and take no other kind. Twenty-five cents a bottle.

Notice.
City Clerk's Office,
Wichita, Kan., May 1, 1900.

Notice is hereby given that in accordance with the provisions of Ordinance No. 151, any person owning or harboring a dog of the age of three months or more within the city of Wichita, must appear at this office and have such dog registered, and place upon the neck of said dog a suitable metallic or leather collar, to which must be attached a metallic check which will be furnished by this office, and for each dog, a fee of \$1.00 for each male dog and \$2.00 for each female dog. This ordinance provides that any person owning, keeping or harboring any dog contrary to the provisions of said ordinance shall, upon conviction, be fined in the sum of not more than \$100 nor less than \$5, or by imprisonment for not less than five days nor both such fine and imprisonment. All registration of dogs expires on the 30th day of April each year.

10-100 AMOS MCCLAIN, City Clerk.

SETS HIMSELF RIGHT

General Merriam's Version of a Famous Interview.

TWO TELEGRAMS ARRIVE

From the West Promising More Witnesses.

Washington, D. C., April 30.—Brigadier General Merriam was again on the stand in the Cour d'Alene investigation today with Attorney Robertson conducting the cross examination.

"Would you consider it right," asked Mr. Robertson, "that federal troops force men at the point of a bayonet to protect the property of the mine owners, and that similar protection be withheld from the men?"

"I would use just as much power and just as much influence," replied General Merriam, "to have the mine owners observe their obligations as to compel the mine men to observe theirs."

Concerning the permit proclamation, General Merriam said he had suggested to Bartlett Sinclair, the civil official in charge, certain features that should be embodied in the proclamation. These were adopted by Mr. Sinclair. When Mr. Robertson sought to show that the war department had not been sufficiently advised as to the permit system, General Merriam said that was for the department to determine.

The witness was asked if the dispatches of Secretary Alger did not in effect say: "Let the permit system alone." General Merriam said he was glad of the opportunity to correct the errors of this alleged interview. He had not, he said, mentioned Congress, nor did the interview say so, but an erroneous interpretation of that character had arisen. He stated that what he had said at that meeting was in substance: "You ought to have a conspiracy law which makes the action of these people as narrated by Mr. Sovorenko in his paper—crimes punishable by law."

He also stated that the remedy for the trouble was in the state. He was perfectly positive, he said, that he had not snubbed himself by telling these gentlemen that the remedy was in the state, and at the same time that it was with Congress.

"Did not Mr. Gompers at Denver charge you with making the statement?" asked Mr. Robertson.

"I never saw General Gompers in my life," answered General Merriam.

Mr. Robertson stated that in an address at Denver, General Gompers had made a charge of this character. General Merriam said he had repeatedly stated that he never pronounced the unions of the Cour d'Alene district criminal organizations.

To Representative Dick General Merriam stated that he did not disapprove of labor unions as such. He like other social and charitable organizations, they accomplished much good in their legitimate spheres. But he expressed the opinion that radical leadership in the Cour d'Alene had diverted these organizations from their beneficial purposes.

Representative Sulzer cross questioned General Merriam particularly on the extent of his authority in the Cour d'Alene district. The witness stated the state officers resumed responsibility for the general policy in force and he was satisfied to let the responsibility rest there. Governor Steiensenberg had frankly and generously taken upon himself full responsibility, although General Merriam said he had not asked him to assume responsibility for anything the military commander of the troops had done. General Merriam completed his story during the afternoon and was excused.

Mr. Sulzer at this point sought to introduce two telegrams just received, one alleging that Patrick J. Murphy was arrested in the Cour d'Alene region last night for expressing criticisms on the course of the investigation; the other from Edward Boyce, president of the Western Federation of Miners, denying the statements of Governor Steiensenberg as to Boyce's connection with the blowing up of the Duncker Hill mill. Mr. Sulzer asked that Boyce and Murphy be subpoenaed. There was energetic opposition against taking this up except in the usual way of executive sessions, and it went over.

Captain Frank A. Edwards began his testimony during the day. He was in command of the troops guarding the prisoners and the civilians who were to the general denial of the charges of harshness made against the troops.

J. Q. Hood, Justice of the Peace, Crosby, Minn., makes the following statement: "I can testify that One Minute Cough Cure will do all that is claimed for it. My wife could not get her breath and the first dose of it relieved her. It has also benefited my whole family. It acts immediately and cures coughs, colds, croup, grippe, bronchitis, asthma, and all throat and lung troubles. I have used it a great number of times. It is a complete cure. For sale by all druggists."

SPANISH WAR CASUALTIES
In the Philippines, 2,250; Santiago, 1,400. Compared With War War.

Washington, April 30.—In comparison with the casualties suffered by the British troops in South Africa, those sustained by the American forces in the Philippines seem very small. A statement just compiled by the war department shows that from July 1, 1898, when American troops reached Manila, until April 27, 1900, these deaths have occurred: Killed, 21 officers, 22 enlisted men; wounded, 19 officers, 124 enlisted men; total 1,461 officers and enlisted men. The total strength of the forces operating against Santiago is given as 80 officers and 17,349 men. The seventh regular infantry lost the greatest number of men, it killed 200 and wounded 100. The first and tenth regular infantry lost 125 men, and Governor Roosevelt's regiment and the sixteenth regular infantry each lost 127 men.

This Bottle

Is known all over the world. It will be found in almost every family medicine chest. For half a century

HOTSETTER'S STOMACH BITTERS HAS CURED

Dyspepsia, Indigestion, Constipation, Liver and Kidney Trouble, Malaria, Fever and Ague.

Sold by all druggists and dealers generally. See that a PRIVATE REVENUE STAMP is over the top of the bottle.

very little damage was done to property on the bay shores. Thousands of fish were killed. The sock of the explosion was not felt in the city.

Mrs. J. Francis, Florence, Kan., says: "I was all run down in health, worn out, weak, my appetite was poor, I could not sleep and doctors did me no good. I took Begg's Blood Purifier and gained ten pounds in two weeks and am now in perfect health." J. P. Allen, Dockum & Higginson, Geo. Van Warden.

To Let Banks Loan on Real Estate.
Washington, D. C., April 30.—Among the bills and resolutions introduced in the house today was one by Representative Grosvener of Ohio amending the national banking laws so as to permit national banks to loan on real estate security, with a provision that the security shall be double in value the amount of the loan and that the aggregate of such loans shall not be above 25 per cent of the resources of the bank.

A Very Remarkable Remedy.
"It is with a good deal of pleasure and satisfaction that I recommend Chamberlain's Cough, Croup and Diarrhoea Remedy," says Druggist A. W. Sawdell of Hartford, Conn. "A lady customer, seeing the remedy exposed for sale on my show case, said to me: 'I really believe that medicine saved my life the past summer while at the shore, and she became so enthusiastic over its merits that I at once made up my mind to recommend it in the future. Recently a gentleman came into my store so overcome with colic pains that he sank at once to the floor. I gave him a dose of this remedy, which helped him. I repeated the dose and in fifteen minutes he left my store, informing me that he felt as well as ever.'" Sold by all druggists.

Founded the "Shut In" Society.
New York, April 30.—The death is announced at New Vernon, N. J., of Mrs. Jennie M. Drinkwater Conklin, widely known as a writer of books for girls. Her writings for the religious press have also been numerous. Mrs. Conklin was the originator of the organization known as the "Shut In" society, which is a bureau of correspondence for those who are invalids. It has an extensive membership and publishes the "Open Window."

CURED A RUNNING SORE.
"I had a bad running sore on my breast for over a year," says J. H. Richards of Wilkesville, N. Y., "and tried a great many remedies, but got no relief until I used BANNER SALVE. After using one half box, I was perfectly cured. I cannot recommend it too highly, and will never be without it in the house." G. Gehring, 400 E. Douglas; Geo. Van Warden, 328 N. Main; Wichita Drug Co., 119 E. Douglas; Gus Saur, 324 E. Douglas.

Defaulting Treasurer Arrested.
San Francisco, Cal., April 30.—Charles Ingerson, the defaulting treasurer of Tompkins county, N. Y., who was arrested yesterday on telegraphic information sent by the Sheriff of Tompkins county, appeared in court today and pled guilty to the charge of defaulting. He was taken east tonight in charge of a Pinkerton detective.

Beware of a Cough.
A cough is not a disease but a symptom. Consumption and bronchitis, which are the most dangerous and fatal diseases, have for their first indication a persistent cough. If properly treated as soon as this cough appears are easily cured. Chamberlain's Cough Remedy has proven wonderfully successful, and gained its wide reputation and extensive sale by its success in curing the diseases which cause coughing. If it is not beneficial it will not cost you a cent. For sale by all druggists.

Fire at Gladwin, Michigan.
Gladwin, Mich., April 30.—Aided by a high wind, the last night destroyed sixteen buildings here, including the Methodist church, Michigan Central depot, Brunswick hotel and the city house, causing a loss of \$100,000. The fire originated in a billiard hall, and spread until it reached the city house, which was burned to the ground. The insurance was small.

For a stiff neck there is nothing better than a free application of Chamberlain's Pain Balm. It quickly relieves the stiffness and restores the neck to its normal position. For sale by all druggists.

MONROE DOCTRINE IS ALIVE
Secretary Root's Remarks Thereupon Have Stirred Up Germany.
New York, April 30.—A special to the Herald from Washington says: Secretary Root's speech relative to the Monroe doctrine is likely to be productive of some diplomatic inquiries at the state department. Herr von Helldorf, the German ambassador, is in New York and in his absence the under-officials of the embassy are disinclined to talk for publication about the secretary's remarks. It is emphatically asserted, however, that there is no intent on the part of Germany to forcibly enter the western hemisphere. By the act of its representatives at The Hague, the German government recognized the Monroe doctrine, and it does

LOSING FLESH
indicates insufficient nourishment. It leads to nervousness, sleeplessness, general debility, and predisposes to Consumption and other prevailing diseases. To guard against these take

and is known all over the world. It will be found in almost every family medicine chest. For half a century

not propose, according to the embassy officials, to violate it.

IF CLAIMANTS CHOSE

To Collect Off the Sultan by the Warship Route

IT MIGHT BE POSSIBLE

To Get Uncle Sam's Consent—Then Again It Mightn't.

Washington, April 30.—It is said at the state department that Mr. Griscom, the United States charge at Constantinople, has not yet acquainted the department with the nature of the reply made by the Porte to his last representation touching the American indemnity claims, so it is presumed that he himself has not yet received the answer. There is some reason to believe that a powerful effort is being put forth by the Turkish government to compromise the missionary claims unofficially. The method which is looked upon as most feasible is that connected with the building of a warship for Turkey in the United States. If the claimants chose to receive the amount of their claims from an American shipbuilder instead of through the state department, thereby removing from the department the basis for further prosecution of its demand upon the Porte, some interesting points of international law might be raised. It would seem that, once committed to the state department, an international claim cannot be withdrawn without the consent of the department, though whether there would be a refusal in this case cannot be stated.

Constantinople, Sunday, April 28.—There are no fresh developments regarding the American indemnity question. If within a week in Porto does not answer the United States legation's note of April 24, it is probable that Mr. Lloyd C. Griscom, the American charge d'affaires, will renew his demand. The project of sending Ahmed Pasha to the United States to negotiate for the purchase of a cruiser is persisted in although the United States government continues determined not to consent to the amalgamation of the proposed purchase with the indemnity question. The representative of the Associated Press is assured that Ahmed Pasha will start for the United States tomorrow (Monday). The statement that the indemnity question was discussed at the audience had with the sultan by Mr. Griscom on April 29 is absolutely incorrect. The matter was not discussed.

Sawmill Explosion Kills Five Men.
Tifton, Ga., April 30.—Five men were killed and three injured, one of whom will probably die, by a boiler explosion here today in the sawmill of J. N. Bray & Co. The dead are: Luther Clair, fireman; Hugh Chambers, Gus Nicholson, and Castle Will Houston (colored). The injured are: J. C. Raine, lumber inspector, may die; Wesley McPhaul, unknown negro. The cause of the explosion is not known.

Science has found that rheumatism is caused by uric acid in the blood. This poison caused by excreted by the kidneys. No rheumatism with healthy kidneys. FOLEY'S KIDNEY CURE always makes them well. G. Gehring, 400 E. Douglas; Geo. Van Warden, 328 N. Main; Wichita Drug Co., 119 E. Douglas; Gus Saur, 324 E. Douglas.

Decision on the Oxford Bible.
New York, April 30.—Judge Wheeler, of the United States circuit court, today handed down a decision in the case of the University of Oxford against the Willmore-Andrews Publishing company, restraining the latter from the use of the designation "Oxford Bible."

A Sprained Ankle Quickly Cured.
"At one time I suffered from a severe sprain of the ankle," says Geo. E. Cary, editor of the Guide, Washington, Va. "After using several well recommended medicines without success, I tried Chamberlain's Pain Balm, and am pleased to say that relief came as soon as I began its use and a complete cure speedily followed. This remedy has also been used in my family for frost bitten feet with the best results. I cheerfully recommend it, smilingly informing me that he felt as well as ever." Sold by all druggists.

Anti-Tax Protest From Manila.
New York, April 30.—A special to the World from Washington says: There will be held before congress tomorrow a memorial from the American chamber of commerce at Manila protesting vigorously against the excessive taxations exacted by the United States military government.

THE MOST STUBBORN COUGHS
resulting from an attack of influenza or heavy cold, must yield to the wonderful healing properties of FOLEY'S HONEY AND TAR, which strengthens the lungs and makes them sound. G. Gehring, 400 E. Douglas; Geo. Van Warden, 328 N. Main; Wichita Drug Co., 119 E. Douglas; Gus Saur, 324 E. Douglas.

MOURNING FOR MRS. WILSON
Her Death Deplored by All Classes—Details of the Sad Affair.

Havana, April 30.—Matanzas City is in mourning over the death of Mrs. Wilson, the wife of Major General James H. Wilson, military governor of the department of Matanzas and Santa Clara, who died last Saturday from the effects of burns received that day by her dress catching fire from a match on which she had stepped. Mrs. Wilson had become endeared to all classes of the community and her death has brought forth expressions of sympathy not only from the residents of Matanzas, but from telegraphed condolences and expressions of sympathy to General Wilson and his bereaved family.

It appears that Mrs. Wilson, accompanied by her daughter, was taking their daily drive in a light wagon when the accident occurred. About ten minutes after she had started it was discovered that her dress was on fire, and it was presumed that she had trod on a match which had ignited her clothing. The driver immediately stopped the vehicle, and with the aid of Mrs. Wilson's daughter, did everything possible to extinguish the flames, but she was badly burned before this could be effected. Mrs. Wilson was taken home, suffering terribly. General Wilson, who was at his office, was immediately notified and hastened to the side of his wife. Doctors were summoned, but they were unable to save her. She died at 10 o'clock, and her body was buried in the morning. She was 55 years of age and had three daughters.

WANTED, 100,000 Workmen to Read This Statement
Machinists, Engineers, Steam Fitters, Plumbers, Firemen, Coal Handlers and Workmen in every kind of business will find that

St. Louis, Mo., April 30.—The strike situation on the suburban street railway remains unchanged. No serious interruption to the service of the system resulted from the walk-out.

Santa Fe Excursions.
REPUBLICAN STATE CONVENTION.
Held at Topeka, Kansas, May 15, 1900.
For the above occasion the Santa Fe have made a rate of one fare, 45c, for the round trip. Tickets on sale May 15 and 16, final return limit May 19, 1900. The Santa Fe have three daily trains for Topeka, leaving Wichita 11:30 a. m., 3:40 p. m. and 9:50 p. m., arriving at Topeka 4:35 p. m., 8:35 p. m. and 4:15 p. m.

BIENNIAL CONVENTION NATIONAL
Republican League of the United States, held at St. Paul, Minn., July 17 to 19, 1900.
For the above occasion the Santa Fe have made a rate of one fare plus \$2 for the round trip. Tickets on sale July 15 and 16, final return limit July 21, 1900.

not propose, according to the embassy officials, to violate it.

"Germany would prefer to keep her subjects at home," said one of the attaches. "This is impossible, however, and many have emigrated to South Africa and to Asia Minor, where they are peacefully developing the country. It has been frequently reported that German colonization in South America was dangerous to the United States, but you may be sure that Germany has no hostile intentions against this country, and that the emigration of Germans to South America is simply in pursuance of a peaceful business policy."

It is said there are nearly a million German subjects in the southern part of Brazil. The navy department has been paying attention to the colonization of Southern Brazil by German subjects and it is understood that Rear Admiral R. H. Bradford, chief of the bureau of equipment, has considered the advisability of recommending that this government enter into negotiations with Brazil to establish a coaling station at Santa Catarina.

YEAR'S RAINFALL IN A MONTH
Denver Reports Precipitation Never Known Before.
Denver, Col., April 30.—The storm of the past thirty-six hours in Denver and the surrounding country has been exactly the same as the two previous spells of bad weather this month—a steady down-pour along the eastern slope of the Rockies for hundreds of miles, with the storm center apparently at Denver. The precipitation for the twenty-nine day of April has been more than eight inches, six inches in excess of normal. Denver has received so far this year a precipitation of 9.3 inches, approximately as much as was received during the entire year of 1899. April's rainfall alone is almost equal to the quantity that fell during the year of 1899. If distributed through the year the rain would be of inestimable benefit, but coming all at once, it is productive of damage to crops.

Apprehensions are again felt regarding the safety of Castwood Dam at the head of Cherry creek, thirty miles from Denver. The dam holds back two billion gallons of water, and should it be let loose it would cause great property damage and probably some loss of life. Owing to an unfounded report that the dam had broken, ranchmen, dairymen and others living along the creek fled from their homes last night.

The Platte river in this city was thirty inches higher this morning than it had been for eight years. Many people living in the river bottoms have been forced to leave their homes, but so far no loss of life is reported.

"After suffering from piles for fifteen years I was cured by using two boxes of Doan's Little Early Risers," writes W. J. Baxter, North Brook, N. C. It heals everything. Beware of counterfeits. Gus Saur, 324 E. Douglas; Geo. Van Warden, 328 N. Main street.

FATAL ECONOMY.

VERY old maxim declares that it isn't economy to pick up pins; the time is worth more than the pins. Similarly it is not true economy to do without Ivory Soap; your health requires the daily removal of the bodily excretions which are discharged through the pores of the skin. These tiny mouths must be kept open, and they should be opened only with a pure soap.
